List No. 3

Elections for the Academic Senate and the Extended Academic Senate of the Free University of Berlin on June 17 and 18, 2025.

News & Info :

The Free University of Berlin is facing major challenges as a result of budget cuts imposed by the Berlin Senate, which directly or indirectly affect staff in Service, Technical, and Administrative roles (MTSV, formerly known as "SoMis") as well as academic staff (WiMis). The seats on the Academic Senate therefore play a crucial role in resisting these cuts and protecting employees from their consequences. In addition, this

body is responsible for electing the new president.

We stand for participation and co-determination, fair and reliable working conditions, transparency, lived diversity, and tolerance!
